+ With expertise and empathy

Our purpose is to provide you with optimal support and guidance. We have a wide range of offers available to meet your individual requirements and support your health and well-being in any situation.

+ Rehabilitation technology

Our mobility aids and other auxiliaries are designed to give you the maximum degree of activity and independence.

- + Customised auxiliary tools (e.g. everyday and sports wheelchairs)
- + Rehabilitation consultancy and residential planning
- + Planning your environment of care
- + Special rehabilitation structures
- + Anti-bedsores mattresses and other medical bedding systems

+ Homecare

The professionals working in our homecare division are committed to supporting and guiding those in need of care and their caregiving relatives.

- + Stoma advice and care
- + Tracheostomy care
- + Enteral nutrition
- + Incontinence aids
- + Wound management
- + Advice and support for self-help
- + Sitting and lying aids
- + Medical technology: Oxygen concentrators, ultrasonic nebulisers, CPAP suppliers, extraction units

+ Teraske care subscription: care products for up to EUR 40 per month at no own cost (if level of required care „Pflegegrad“ is recognized by insurance)

POOR POSTURE
UNHEALTHY POSITION ?

WE HELP YOU BEAR IT EASIER

+ Orthopaedic technology
